

Cyber Safe Kids

Have Fun in Safe Places

- ✓ Use the fun kid's sites that you and your parents have selected.
- ✓ If you want to go to a new site ~ ask your parent.

Keep Your Life in Balance

- ✓ Have fun online. But make sure you do other fun things and get together with your friends to play.

Keep It Secure

- ✓ Use a safe password ~ with letters and numbers. Never share a password with a friend.
- ✓ If your computer starts acting "weird" ~ tell your parent.

Think Before You Post

- ✓ Be the best you can be online.
- ✓ Remember, anything you send online can be sent to others.
- ✓ Never type your name, address, or phone number, send a picture, or complete an online form without first checking with your parent.

Connect Safely

- ✓ Communicate with friends through email or instant messaging.
- ✓ Communicate with strangers only on safe kid's sites.
- ✓ Remember that web sites have rules against sending hurtful messages.
- ✓ If someone sends you a hurtful message ~ don't respond. Ask your parent for help.
- ✓ Never send hurtful messages.

Turn It Off & Tell

- ✓ If anything "yucky" ever appears when you are online ~ quickly turn off the screen and tell an adult.

Spot the Ads

- ✓ Many web sites have ads for things kids like to buy. See if you can spot the ads.
 - Some sites have banner ads.
 - Some sites are ads for toys.
 - Some sites have games that are really ads.
- ✓ Remember, you do not need to buy everything you see in ads.
